

Opportunity University Referral Form

The heart of this program is to educate the community on vital concepts that will allow them to be successful at school, work, and in their community. OU focus will stress the importance of healthy living and adequate vocational skills.

Participants can look forward to learning about **Job Readiness, Financial Literacy** and the importance of **Purposeful Living** (one's life purpose and purpose of life). Job Readiness will help educate our participants on the best practices for preparing and securing employment. Financial Literacy will show them how to effectively handle their finances. Finally, in our strength-based approach all participants will experience a highly intensive motivational exchange highlighting the connection between success and goal setting/vision.
